Re: Limestone Mine
PRO/027/006
Millard County, Utah

Dear Mr. Hunt:

The Division has been informed that Continental Lime, Inc., a wholly owned subsidiary of Steel Brothers Canada, Inc., intends to develop a lime quarry and plant in Millard County, Utah.

Please be informed that if your proposed operation falls within the definition of "mining operation" as found in Section 40-8-4(6), Utah Code Annotated 1953, as amended, there are certain obligations which your company must fulfill before commencing operations.

Essentially, those obligations are that your company shall fill and have approved by the Division, a Mining and Reclamation Plan before commencing mining operations.

The enclosed booklet outlines the requirements of the Utah Mined Land Reclamation Act. I hope it will be useful to you.

Sincerely,

Ronald W. Daniels
